

## Recommendation for Scholarship Students

**To: Principals and Academic Advisors; Dean / President of College or University**

**From: Hollywood CG School of Digital Arts at Shepherd University**

The Hollywood CG School of Digital Arts is offering full scholarships to students with creative and brilliant ideas to be the next generation of global leaders in the entertainment and digital contents industry.

To help our students become the global leader in digital arts in the future, we are conducting an investment 10 million dollars for ten years in scholarship funds to be fulfilled over the next decade. As a part of the project, we give the full scholarship opportunities to students who are excellent in their academic achievements, are prospective in the digital arts field, and are capable of performing the excellent projects.

Students who are selected for our full scholarship program will have the benefit of learning from industry professionals. Our faculty members have worked for DreamWorks, Disney Interactive, Nickelodeon Animation Studios, Twentieth Century Fox, and Sony Pictures and on a variety of projects including Transformers, 2012, Kung Fu Panda, and Final Fantasy. We also have a nice educational environment including a new facility dedicated to digital arts education, VFX lab, game lab, project rooms, production rooms, recording studio, cinematic studio, and a 350 seat auditorium.

Our students learn practical skills and build their portfolios so that they are ready to work upon graduation. Students can enhance their visual projects through the distinguished joint-curriculum between HCG School of Digital Arts and Cornel School of Contemporary Music at Shepherd University. Currently, we offer two specialties (VFX & Animation, Game Art & Design) in BS and MS degree programs.

We request that you refer current and graduated students with excellent academic records who are dedicated to learning and reaching their potential for a successful career. In addition, we will offer scholarship to students who have exceptional portfolio and project outcomes. We will also grant partial scholarships to students who have potential but do not qualify for full scholarship. Any students who have partial scholarship at the admittance still have a chance to be awarded for full scholarship when they maintain good academic records in Shepherd University.

The full scholarship students will receive 100% of tuition and partial scholarship students will receive part of tuition. Please use the enclosed form to recommend candidates from your school for this scholarship opportunity.

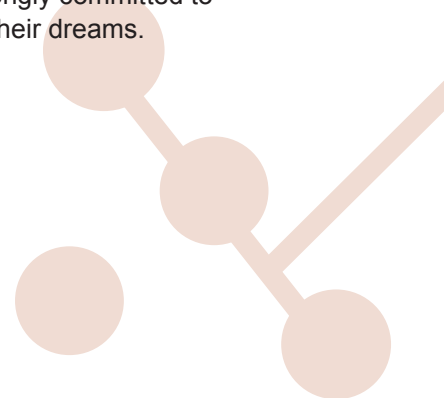

Shepherd University is dedicated to educating global leaders in Digital Arts. We are strongly committed to proving programs for students so that they can build the foundation needed to achieve their dreams.

We need your recommendations to find students who will excel in our programs.  
We sincerely appreciate your time and consideration.

Sincerely Yours,

**Jacob Chung**

**Dean, Hollywood CG School of Digital Arts**

## Student Requirements

### Intended Major:

- 1) VFX & Animation
- 2) Game Art & Design

## [ Proof of English Proficiency – Conditional Admission on English ]

All international students who are applying to one of colleges/universities in USA are required to submit the official English score (TOEFL or IELTS). In case a student does not have the score or her/his score is below than the minimum requirement, Shepherd University may issue the student a conditional admission on English. In this case, the student must take the ESL placement test upon arrival and must successfully complete up to the level 5. The tuition for ESL is not included in the scholarship that School of Digital Arts provide to students.

### \*Minimum TOEFL or IELTS score

	Undergraduate	Graduate
<b>TOEFL</b>	CBT: 173 (TSE 45, TWE 4.0), or IBT: 61 (Speaking 23)	CBT: 213 (TSE 50, TWE 4.5), or IBT: 79-80 (Speaking 26)
<b>IELTS</b> (Academic Module)	Overall 6.0, Speaking 6.0	Overall 6.5, Speaking 6.5

- The tuition and fees are subject to change without any notice. -
